

2020 Member Information - Charlotte Dental Hygiene Study Club

Our May Charlotte Dental Hygiene Study Club meeting, of necessity, was postponed due to the COVID-19 pandemic. We have been watching closely the local developments in determining how best to proceed with the rest of the study club year. With big changes in the way we all practice, modifications to schools and other institutions which affect all of our families, and the uncertainty regarding timing of abatement of viral spread, we have elected to complete the rest of the study club year virtually. This will allow everyone to receive needed CE credits, but will facilitate the focus of all on the needs of their families, without having to attend in-person meetings. The remaining meetings will be held using Zoom teleconferencing and CE credit will be provided. **Meetings will be broadcast at 7:30 pm on Thursday evenings** to allow for family time and responsibilities. The meeting schedule will be:

September 23 - Dr. Steve Dickens

October 22 - Dr. Evan Novick

November 18 - The Doctors of CharlottePerio

The dues paid for this year will be forwarded to next year; i.e., if you paid your dues in full for 2020, your full dues for 2021 are also now covered. If you would like to opt out of the virtual study club option, you can receive a refund of \$105 for the remaining 3 meetings. We hope, however, that you all will remain engaged in the study club and participate actively with this new format. Our goal is to plan and resume a normal schedule in 2021 with an excellent slate of speakers.

Please feel free to contact me with any questions or concerns. Thank you again for your ongoing support of the Charlotte Dental Hygiene Study Club. Please stay safe and healthy as we move through these challenging times together.
